PARENT ADVISORY COMMITTEE

JOIN US AS WE EMBRACE THE LIGHT OF HOPE THROUGH OUR FAMILY SUPPORT SERVICES AND PAC

At PACT, we understand that life's journey can present unique challenges, especially when raising children with special needs. Our PAC meetings provide a safe space where parents unite around shared interests and experiences to enhance the social-emotional well-being of families and children.

Our goal is to boost parent and family involvement, raise awareness about mental health, and foster effective communication and leadership development while empowering and advocating for all families.

PACT'S PARENT ADVISORY COMMITTEE GOALS:

- Serve as a voice for parents by fostering collaboration with stakeholders.
- Promote PACT Programs and Initiatives in our communities to help improve social-emotional well-being for children and families.
- Share information and training opportunities with communities, families, and professionals to enhance skill-building opportunities and access to resources for parents.
- Advocate for Wraparound Services and share information about the MiiWrap® process and value system across our communities.
- Play an active role in planning and overseeing activities related to PACT's Family Support Services.

MISSION:

To be the voice of parents/caregivers and promote the family-driven and strength-based philosophies of Wraparound among PACT Partners.

The Parent Advisory Committee (PAC) is open to parents and caregivers of children with mental health and behavioral health needs. The purpose is to fulfill the mission of PACT for Families Collaborative and to provide support and resources to one another in their unique journeys!
